EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Bernard Codd on September 14, 2005.

The application has been amended as follows:

Claim 10, line 2, "2" has been changed to -9--.

The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of claim 1 is the inclusion of ladder sections hinged to one another, steps rotatably disposed between rails of both sections, and a linkage member connected to a step of both ladder sections that causes both steps to rotate between a retracted and deployed position upon rotational movement of the ladder sections relative to one another. See claim 1, lines 11-17. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
